

2024 INTERIOR COLLECTION

www.global-sales.us

For 40 years, Global Sales has been making construction projects in Bermuda and the Caribbean easier thanks to our convenient building supply services. Shipping building materials to this region is challenging, but our specialty is providing everything you need for your project, delivered together and on time. As your building supply company, Global Sales sources the best products, consolidates your shipment and ensures that all the paperwork is correct so your project is complete without any logistics headaches.

We are committed to exceptional customer service to always earn and keep your business. As a reputable building supply company, we deliver exceptional service with our customer-first approach. You are our business, and we will do everything possible to help you succeed.

Primed 8402BK

Get the beautiful interior doors you need at the right time and cost with our Interior stocking program. We carry many designs and sizes to meet the varying needs and tastes in our market.

Our ovolo bead door offers traditional styling while our shaker door has a clean cut contemporary look. Glazed versions are also available (see pg 16).

Ovolo Bead Raised
2-Panel: OV22

With raised panels and beautiful embossed stop, our ovolo bead panel door options have a comforting and timeless two panel design that compliment a wide range of aesthetics.

These come in 1-3/8" thickness.

Available in 6/8 & 8/0

Available in 6/8 & 8/0

See chart on page 23-24 for availability

Shaker 1-Panel: 8401

Sometimes, simple is best! This design will add clean, subtle details to your home's interior look.

These come in 1-3/8" and 1-3/4" thickness and have 20-minute fire rated options as well (fire rating in 1-3/4" door only).

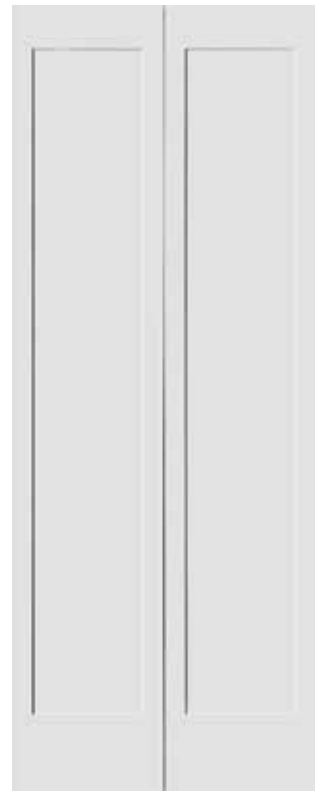

Shaker 2-Panel: 8402

Our new take on a classic design, we bring this timeless look with clean cut edges and flat panels.

These come in 1-3/8" and 1-3/4" thickness and have 20-minute fire rated options as well (fire rating in 1-3/4" door only).

Available in 6/8, 7/0 & 8/0

Available in 6/8 & 8/0

Shaker Craftsman
3-Panel: 8403

Keep the hand-worked touches flowing through the interior of your home with this design.

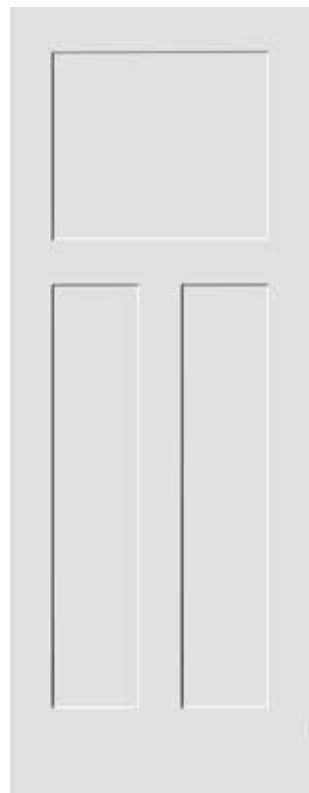

These come in 1-3/8" and 1-3/4" thickness and have 20-minute fire rated options as well (fire rating in 1-3/4" door only).

Shaker Equal
3-Panel: 8433

Our most subtle version of the contemporary multi-paneled look.

These come in 1-3/8" and 1-3/4" thickness and have 20-minute fire rated options as well (fire rating in 1-3/4" door only).

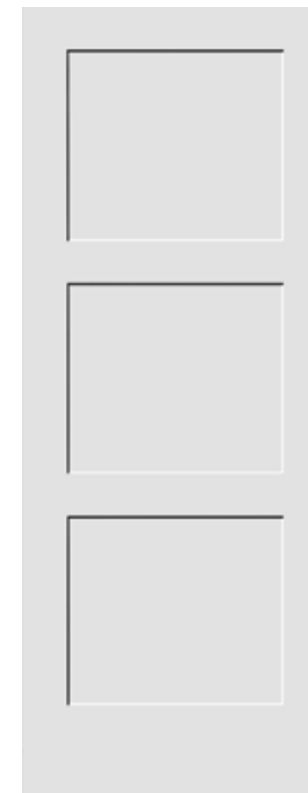

Available in 6/8, 7/0 & 8/0

See chart on page 23-24 for availability

Available in 6/8 & 8/0

Available in 6/8, 7/0 & 8/0

See chart on page 23-24 for availability

Available in 6/8 & 8/0

Shaker 4-Panel: 8444

This sharp, trendy look is sure to impress!

These come in 1-3/8" and 1-3/4" thickness (1-3/4" in 20-minute fire rated only).

Shaker 5-Panel: 8405

Five stacked panels offer a high-end modern feel.

These come in 1-3/8" and 1-3/4" thickness and have 20-minute fire rated options as well (fire rating in 1-3/4" door only).

Available in 6/8 & 8/0

Available in 6/8 & 8/0

Available in 6/8, 7/0 & 8/0

See chart on page 23-24 for availability

Louver 2-Panel: 8730

Global Sales primed louver doors and bifolds increase ventilation and promote air flow.

Our 3-1/4" solid wood louver slats allow for increased privacy while maintaining all of the conventional benefits of a venting louver.

These come in 1-3/8" thickness only.

Available in 6/8, 7/0 & 8/0

Available in 6/8 & 8/0

3'0" x 6'8" 1310 Primed French Door With Clear 10-Lite Glass

Our versatile selection of glass door options complement any style.

Both the 1300 and 1501 standard glazed series use traditional ovolo beading. The 1300 series uses that beading with woodbars to present an external grid look, while the 1501 series focuses on the full one lite designs.

The 8601 standard glazed series also focuses on the full one lite designs, but it uses the more contemporary quirk beading.

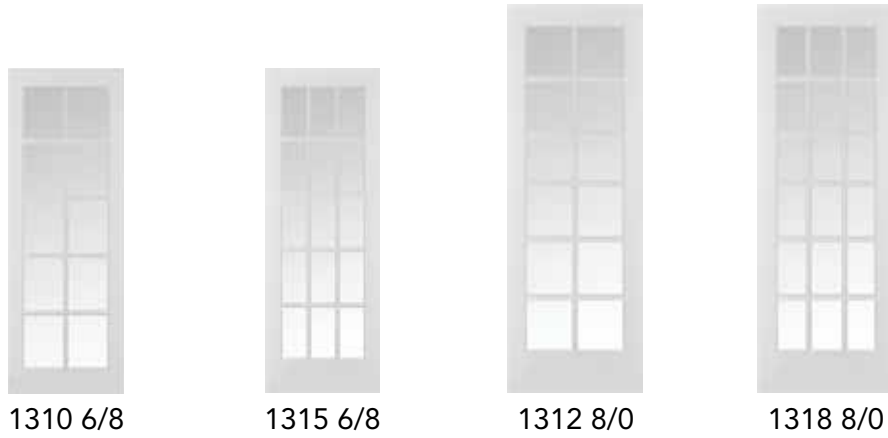

The 8400 direct glazed series offers a few of our shaker looks with either clear or diffused white lami glass.

PRIVACY GUIDE

Global Sales offers an extensive line of glass options to choose from and the degree of opacity varies considerably. With each design, we have included a number which represents the "Privacy Level" for that product. Please refer to the guide below. **Note:** This guide is subjective. It should only be used when comparing our glass designs.

PRIVACY	1	2	3	4	5	6	7	8	9	10
Completely Clear Objects can be clearly seen through the glass from the opposite side.										
Diffused/Distorted Objects are distorted, but can still be detected from the opposite side.										
Completely Opaque Only light will travel through from the opposite side.

Ovolo Full Lite

Quirk Full Lite

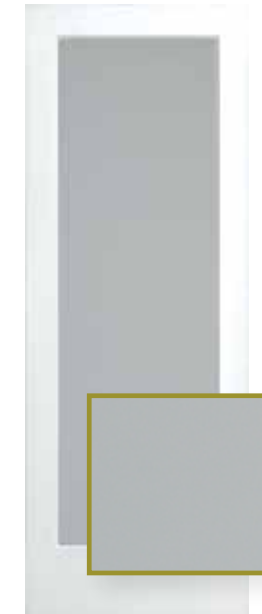

1501 & 8601 Glass Options

Global Sales has a great selection of glass design options that can be used in the ovolo or quirk bead open doors shown on the previous page. All designs come on safety glass.

Clear glass is available for situations where privacy isn't needed. Diffused white laminated glass is also available for when privacy is key but light transmission is still wanted. We also offer various printed glass designs that come in a range of other privacy levels.
